## Electronic Journal User Agreement

Version 5.1 01/01/2020

The following guidelines provide electronic journal Individual/Corporate/Library Subscribers with a set of simple, commonsense rules governing rights and limitations for internet access of electronic versions of Weston Medical Publishing, LLC (Publisher) electronic journals by Authorized Users. These guidelines supersede any prior understanding between the Publisher and the Individual/Corporate/Library subscriber (Subscriber) regarding user access to electronic journals.

Access to Weston Medical Publishing, LLC electronic journals is granted for all Authorized Users on the following conditions:

- Publisher's acceptance of the Subscriber's completed order
- Receipt of the required subscription fee
- Receipt of list of Corporate/Library Subscriber's IP addresses, if applicable

**Authorized Users:** Individual subscribers are the only authorized user for their subscription. The subscriber is prohibited from making agreements for access to the electronic journals with individuals, organizations, vendors, affiliates, or partners.

Corporate/Library "Authorized Users" are authenticated, authorized current full and part time students, employees (including faculty, staff, affiliated researchers and approved contractors), and other individuals who have permission to use the institution computers on the Subscriber's geographically constrained site.

**IP Access Consolidation:** Corporate/Library subscribers using a single IP address (Proxy Access) to access subscriptions and/or centrally administering their library resources for multiple campus locations (physical sites) are required to notify Weston Medical Publishing, LLC when subscribing to electronic journal content. Such Corporate/Libraries may be required to pay multi-site access fees and/or subscription surcharges based on their number of campus sites and all site FTEs (subscriber base) at each location, not just relevant FTEs. A "site" is an organizational unit, and may be academic or nonacademic. For organizations located in more than one city, each city office is considered a different site. For organizations within the same city that are administered independently, each office is considered a different site.
